

JANOME

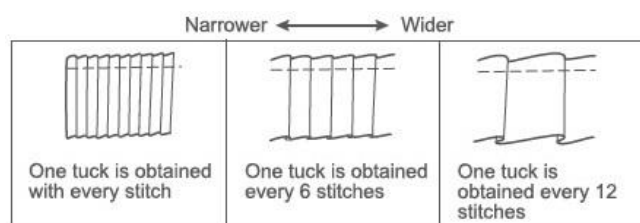

Accessory of the Month

February 2020

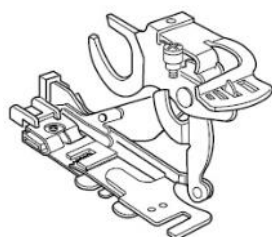

RUFFLER FOOT

This attachment allows fabric to be ruffled or pleated to the desired fullness quickly and easily. It also provides the capability to vary the interval between ruffles from every stitch to every 6th stitch or every 12th stitch. The tuck depth is adjustable up to 6mm.

This Accessory of the Month has a bonus project using the Ruffler Foot. Press the below link to download the project.
