Embroidery: In the Hoop Embroidery Project – Coaster

Requirements:

Janome Embroidery Machine Hoop to fit design (130mm x 130mm) Janome Purple Tip Needles #14 Embroidery foot (P) Tearaway stabilizer Pressing cloth

Qty	Size	Details/Colour/Fabric
1	6 x 6"	Wadding
1	4 ½ x 4 ½"	Main background fabric
2	1 ½ x 6"	Long Borders (Pink)
2	1 ½ x 4″	Short Borders (Black print)
1	6 x 6"	Backing fabric
6		Janome Embroidery Threads:
		001 white, 211 pale pink, 225 red,
		241 dark pink, 246 green, 258 brown
1		Bobbin Fill

Construction:

- 1. Load design onto your machine.
- 3. Stitch out the wadding placement stitch.

5. Take the background fabric line up with the previously sewn lines, then sew the next tacking stitch to hold the fabric into position on the centre of the coaster.

- 2. Hoop tear away to fit selected hoop and thread machine with background colour.
- Centre wadding over the placement stitch line. Machine will stitch a tacking stitch to hold the wadding in place.
- Sew out the background design.
 (Sample stitched with white thread on white fabric)

 Place (1) - 1 ½" x 6" fabric strip right sides together on top of centre coaster lignin up with the placement line on the bottom edge of the coaster.

Sew the seam line.

21. Place backing fabric right side down on top of the already embroidered coaster design.

- 23. Remove the tearaway with the coaster attached from the hoop. Gently tear the coaster away from the stabilizer. Remove any excess tearaway.
- 25. Trim corners, making sure not to cut the stitching.
- 27. Slip stitch the opening closed on the bottom edge of the coaster.

 Press open so that the border fabric is laying open onto the wadding with right side facing up.

> All four sides of the coaster should now have strips of fabric attached and pressed open.

22. The machine will now sew the backing on. It will start about 1 ½" from the bottom left corner and sew clockwise around all four sides leaving approximately a 2" opening.

- 24. Trim excesses fabric and wadding from the coaster leaving ¼" seam around all four edges.
- 26. Turn the coaster right side out and press. Take care with the embroidery when pressing.
