

JANOME

Accessory of the Month

October 2022

Artistic Digitizer Software

Artistic digitizer embroidery software is in dual platforms, install on your MS Windows® or Mac OS® computer. The software is equipped with a next generation working environment which will excite with its innovative design, 3D integration, intuitive usability and stunning embroidery quality. Every embroidery creation takes less time and effort to be made, providing you more time to enjoy your creations. There are 2 versions of the software; Junior version will start you off with some editing, lettering, and formatting. The full version offers all; tools for creating, editing, cutting and painting. In addition, you can create stencils and designs with crystals/rhinestones, turn your photographs into stitches plus there is quilting designs including stippling.

One software for all your crafting creations, you are only limited by your imagination.

This Accessory of the Month has a bonus embroidery project.
