Accessory of the Month

August 2024

Ribbon / Sequin Foot (RS)

As with beads and pearls, it is easy to attach ribbons and even sequins with the help of our special ribbon/sequin foot. This foot is designed with guides through which ribbon or strung sequins can be inserted and it will allow them to feed through evenly as you sew. Besides affixing the ribbon, a wide ladder stitch can be used with narrow ribbon to make an easy and functional drawstring. Depending on the desired finish, use matching decorative thread or monofilament thread for a 3D effect. Layering the ribbons is also a creative option. This foot can also be used to attach elastic, see the below video links on *how-to-use* this foot.

"BOM 2024" is about learning to use various stitches, accessories and techniques. At the end of the year all blocks are pieced together, quilted and bound into a completed quilt project.
