

JANOME

Accessory of the Month

November 2024

Janome Ditch Quilting Feet

A very useful addition to the sewing room when wanting a perfectly straight "stitch in the ditch". The guide on the foot spreads the seams allowing you to stitch perfectly in the ditch. Don't stop with straight ditch stitching it is also perfect in dressmaking for topstitching or under-stitching a facing. Plus, why not experiment with decorative stitches for eye-catching embellishment.

Janome 'Block of the Month 2024'.
