Accessory of the Month

September 2024

AcuFeed Flex Professional Grade Foot (HP2)

This foot provides superior visibility and is great for curves and precise topstitching. It holds fabrics firmly in sync with the feed dogs to achieve professional results. This foot works in conjunction with the HP Needle Plate.

The AcuFeed Flex™ fabric feeding system is fully detachable and easy to remove when you're not using it. Simply unscrew and detach when not in use and store out-of-the-way in one of the ample accessory trays. Multiple twin type and single type AcuFeed feet are also available to address different tasks.

The Accessory of the Month is used in our 'Block of the Month 2024'.

"BOM 2024" is about learning to use various stitches, accessories and techniques.

At the end of the year all blocks are pieced together, quilted and bound into a completed quilt project.
